Memo No:-MSVP/MMCH/4258

Dated: Malda, the 11 / 06 / 2026

CORRIGENDUM NOTICE

Reference: e-Tender Notice for the Supply of Contingency Articles to the Office of the MSVP, MMC&H, Malda (2026-2027).

Original Memo No: MSVP/e-NIT-04/MLD/MCH-2026-2027. Dated-05/06/2026

Pursuant to the Pre-Bid Meeting held on 10/06/2026 at 12:00 PM, the following subsequent additions, modifications, and clarifications are hereby officially incorporated into the e-Tender document. This Corrigendum forms an integral part of the original NIT framework and remains completely binding on all participating bidders.

A. Additions & Modifications to General Terms & Conditions (Section VIII)

- **Batch Verification & Product Traceability:** The supplier must explicitly provide an authenticity certificate along with the product's unique batch number, verifying that the specific batch belongs to the original product and was directly supplied through them. This condition must be written clearly on all supply documentations.
- **Strict Penalty for Spurious/Duplicate Products:** In case any item supplied is found to be a duplicate, counterfeit, substandard, or spurious product rather than the genuine sample shown during physical verification, the supplier shall be debarred from participating in any tender of Malda Medical College & Hospital for a period of three (03) years.
- **Suspension of Payments During Quality Disputes:** In the event of a product quality dispute or notice of non-compliance, the institutional payment of the supplier for already supplied items will be held up/suspended immediately by the competent authority until full technical clearance is resolved.
- **Mandatory Rejection, Return, and L1-to-L2 Shifting:** Goods shall be accepted only after satisfactory inspection and verification by the receiving institutional authority. If a supplied item is found non-compliant, unacceptable, or deficient during inspection/evaluation, the supplier shall replace the same immediately and take back the non-conforming items at its own cost. If the L-1 bidder fails to replace the product with a conforming one at no additional cost, consideration will be extended to the next eligible (L2) bidder as per standard tender norms.

B. Additions & Modifications to Technical Specifications (Section VII)

- **Printer Consumables (Ink/Cartridges - SL Nos. 13, 14, 15, 25, 26, 27):** Bidders must submit documentary proof confirming that the products supplied are genuine and original. Crucially, this documentary proof must be provided on the manufacturers or authorized distributor's official letterhead. The tendering authority retains full rights to verify product authenticity.
- **Consumables & Shelf Life Restrictions:** For marker pens, room sprays, mosquito killing sprays, liquid hand wash, whiteners, and ball pens, the supplied products must be of recent manufacture. A strict timeline condition of "**not more than six (06) months from the date of supply**" is being incorporated into the clause. Items lacking dynamic batch timeline visibility will be flatly rejected.
- **Heavy-Duty Scissors (SL No. 98):** The technical specification is amended to include a mandatory specification for Brass Handle construction.

- **Foot-Operated Dustbins (SL Nos. 83,84, 85):** For items requiring structural pedal mechanisms or support systems, products of reputed makes such as Syntex, Supreme, Nilkamal, Cello or Equivalent reputed company with good quality product (formal approval must be obtained from the MSVP prior to procurement) possessing an adequate reinforced metallic structure/support system shall be supplied. Supplies must be sourced from a reputed company with good quality credentials.
- **Medicated Soap Bars (SI Nos.70):** Brand name clauses are added to the specifications. For "medicated soap" items, an explicit brand name clause is incorporated in the specification to secure top-tier procurement paths including Lifebuoy, Savlon, Dettol, Santoor, Cinthol, or Equivalent reputed company with good quality product (formal approval must be obtained from the MSVP prior to procurement). The supplied product must be from a reputed company with good quality product credentials, and formal approval must be obtained from the MSVP prior to procurement.

C. Modifications to Special Terms & Quality Compliance Directives (Section VII)

- **Universal Physical Sample Submission & Technical Evaluation Matrix (Amending Clause 1 of Special Terms):** If any item number or serial number has not been explicitly pre-listed for physical sample verification in the original tender document, it is hereby incorporated. All items without exception require sample verification and/or physical inspection by the committee at the time of tender evaluation.
- In continuation of the above-mentioned **Notice Inviting Tender (NIT)**, it is hereby notified for the information of all intending bidders that the **Bid Submission Start Date, Closing Date & Opening date** has been revised as detailed below:

Particulars	Existing Date	Revised Date
Bid Submission Start Date	12.06.2026	16.06.2026
Bid Submission Closing Date	04.07.2026	09.07.2026
Bid Submission Opening Date	06.07.2026	11.07.2026

All other terms, conditions & specifications, of the original e-NIT remain completely unchanged. Bidders are instructed to submit their digital bids acknowledging all points of this corrigendum notice.
